Lodging Details

• As a means to build community, CORE 101 participants share living quarters during the training sessions of the three-year CORE 101 program. Members of the CORE 101 program are paired for hotel room assignments for all training sessions.

• Generally, room assignments are gender specific. Please contact programs@gideonspromise.org if you have any questions.

• All room assignments are made by the Gideon's Promise Defender Development Department. It is our goal to assign people from the same office to a room/suite. If this is not possible, we will assign people from the same state to a room/suite. If this is not possible, we will assign people from the same region to a room/suite.

•Private (i.e. single) rooms are at the cost of the participants and must be paid in full at the time of check-in. The approximate cost of a private room is $159 per night plus taxes and fees. For Core 101 participants checking in Friday, January 22, and checking out Sunday, January 24 (2 nights), the total amount for a single room will be approximately $318 plus taxes and fees. If a participant would like a private room, they must indicate their choice on the conference registration form at the time of submission and no later than December 15, 2026. Once a private room has been requested, a double room will no longer be an available option. Requests for single rooms will be subject to the hotel's availability.

• Participants are responsible for room incidentals. A valid credit card MUST be applied to each room and presented to the hotel at check-in. There are no exceptions. Gideon's Promise is only responsible for the room rate and applicable taxes during the listed training dates.
